Tuesday, February 25	Dryden Elementary School	Feeding My Family Costs How Much?	6:00-7:00PM
Tuesday, March 10	Almont High School	Survival at Home	6:00-7:00PM

Survival at Home

We all know life is just plain expensive. This course will give you tips to save money! We will create a monthly budget and get a feel for how much you have to spend monthly and what bills are going out. You will find ways to save on what you're already doing.

Feeding My Family Costs How Much?

How much does it really cost to feed my family? After this session, you will know how to plan out your meals for the month. You will see your grocery budget shrink and your family will eat at home more. You will still get to dine out some days, but the cost won't cause any stress because it will already be a part of your plan!

Pay Those Kids A Salary, It's Cheaper!

Paying your kids a weekly allowance is so much cheaper than buying them things each time they ask for it. When you make them work for it, they appreciate it. When they have to pay for it themselves, they make better decisions. By helping your kids in this way, you will be serving them and their future spouse by teaching them important things when it really matters.
