*A Legacy...
by women, for women,
about women*

The Women's Fund is a unique legacy established by the generosity of one hundred founding women who wanted to make a difference in our community. These special women continue the tradition of leadership and service to the Lapeer County community by shaping the present and future just as their mothers and grandmothers did before them.

The Women's Fund awards grants which support and enhance the lives of women and their children in areas of health, human service, education, and enrichment.

Join as a Friend

Become a **Friend of the Women's Fund** with a lump sum or 5-year pledge of \$500. As a Friend, your gift will be held in the endowment, building the permanent legacy of the Women's Fund that will be passed on to future generations of Lapeer County women.

Become a Silver Friend

As a **Silver Friend**, your renewed pledge of \$500, at once or over 5 years, (upon completion of your Friend pledge), will continue to build the endowment and enable the Women's Fund to make a greater impact on our community.

Continue To Gold Friend

The next step upon completion of your Silver Pledge is **Gold Friend**. A renewed pledge of \$500, given at once or over 5 years, will further add to the legacy of the Women's Fund, enabling it to extend it's outreach to women in need throughout Lapeer County.

“Every woman
must have a
purse of her own.”

– SUSAN B. ANTHONY

When Susan B. Anthony made this statement, she may not have considered how her words would continue to resonate through the coming years. She lived in a world in which women could not inherit property from their parents or husband, could not vote, and were not encouraged to have careers outside the home.

Today we take for granted these rights and our ability to make decisions for ourselves – personally and professionally. Women have historically contributed to their families and communities through volunteerism. The Lapeer County Community Foundation’s Women’s Fund can provide a unique opportunity for women to find their “philanthropic voice.”

The Women’s Fund endowment celebrates our past, is a voice for our present, and our gift to the future – the future of women in Lapeer County.

We invite all women in our community to make a gift to this endowed fund.

The Foundation can assist you in finding an appropriate level of giving to meet your individual needs.

THE WOMEN’S FUND

2017 Women’s Fund scholarship recipient Mariah Rose Wheaton and daughter Addilyne Rose Wheaton.

The Women’s Fund, which was established in 2005 through the vision of 100 Founders as a unique legacy of women helping women in Lapeer County, has blossomed. From Founders, to Friends, and multiple levels of giving, the seed has sprouted and grown into a permanent endowment fund set up by, and for, the women of Lapeer County. The impact of the Women’s Fund grantmaking activities is being felt. Through its membership, the Women’s Fund has the opportunity to

make a lasting impact. By connecting women from all backgrounds and stages of life, they bring unlimited potential to network, share ideas, and plan events and projects that support and impact Lapeer County’s women, their children, and families.

In 2017, the Women’s Fund awarded one of these grants to Mariah Wheaton. Photographed here with her daughter Addilyne Rose Wheaton, her thank you card put into words the impact the Women’s Fund grants have on those who receive them. From the letter:

“As a first generation college student, single-working mom that relies on her amazing group of friends for moral support and guidance, your philanthropic foundation gave me the initiative to keep pushing this semester... It is because of you that we had a home during February and March. It is because of you that I am currently excelling in all of my classes. And, it is because of you that I didn’t have to give up!”

MAKING AN IMPACT

• EDUCATIONAL GRANTS

The Women’s Fund works in partnership with the Foundation for Mott Community College to offer educational grants to non-traditional female Lapeer County women juggling multiple demands of life as they pursue furthering their education. Funds can be used for non-tuition related expenses including books, fees, childcare, transportation, and program costs. Students may receive up to \$1,000 per academic year. By helping to remove financial barriers, these grants allow women to reach their full academic and professional potential.

• MINI-GRANTS

The Women’s Fund Mini Grants assist Lapeer County Women and their children in areas of “crisis concern” with awards of \$1,000 or less. Applicants must be referred by one of our Agency Partners. Grants are for last resort funding for emergency needs that cannot be met by partner organizations.

• PROJECT GRANTS

Periodically the Women’s Fund sends out Requests for Proposals to non-profit organizations throughout Lapeer County who are looking for funding to support projects affecting women and their children. Past recipients have included:

**Lapeer County Intermediate School District
Lapeer Area Citizens Against Domestic Abuse (LACADA)
The Family Literacy Center
Stone Soup Food Bank
Human Development Commission**

• WARDROBES FOR WORK

The “Wardrobes for Work” program allows a Lapeer County female resident to choose a gently used outfit at the New to You consignment store in downtown Lapeer for a job interview or other situation requiring professional attire.
