

PUBLIC WELCOME!

FREE FINANCIAL WORKSHOPS

ELGA Credit Union promotes financial wellness by offering free Financial Fitness workshops located in our Lapeer County schools (see table below). These seminars are designed to help you achieve financial security for your family and future needs. All classes are developed and taught by ELGA's award-winning financial educator, Lori Hawk.

Class Schedule:	Date:	Time:	Location:	Room:	Topic:
	Tuesday, April 12th	5:30PM - 6:30PM	Imlay City Weston Elementary School	Library	Identity Theft

	Wednesday, April 27th	6PM - 7PM	Schickler Elementary School	Library	What is LEAF?
	Thursday, April 28th	6PM - 7PM	North Branch Elementary School	Library	Who Wants to be a Millionaire?

Class Descriptions:

Identity Theft Theft is on the rise, but not always in the manner you think about. Moves you are making could make you vulnerable to be tracked, hacked, or exploited. Learn the best way to protect yourself and what to do if you are ever a victim.

Is Your Retirement Plan on Empty? Do gas prices seem too high to allow you to save for retirement? Decide now, is your retirement plan on empty or do you have a full tank? If you keep waiting, you could be losing years of interest. Get the motivation you need to find the extra dollars to put toward retirement now to have the best outcome for later.

Credit Score Most of us are playing the game without knowing the rules. Find out the real triggers which send your credit score shooting up or down.

College Savings Plans & Programs What will it really take to send my child on for higher learning? Is it really necessary to have a specific account to put my child's future educational funds into a specific plan for them? Is the LEAF account enough? Can I have multiple plans in my child's name? Come find out the multitude of ways to save.

What is LEAF? Come learn more about your student's LEAF Children's Savings Account and get your questions answered. We will share opportunities for how they can grow their account by earning incentives and rewards. We will discuss how these funds support post-secondary learning and how the Lapeer County community is committed to their future success.

Who Wants to Be a Millionaire? Don't wait to find out the secret to compounding interest. It's easy to become a millionaire if you know when how to eliminate debt, increase income, and know where and how to invest. It's easier than you think.
