

# Spark Tank

Student Participation Activates Resources - Kindness

**Attention 3rd  
grade students in  
Lapeer County  
Schools**

**3rd Grade  
students from each  
classroom and school  
will work with an adult  
to submit an idea to  
promote philanthropy  
and kindness. The  
Principal of school must  
approve projects.**

**Deadline to submit your application is  
Friday, March 31, 2023**

**If approved by YAC, you will be notified and  
checks will be sent to the school administration.  
Ideally, projects should be completed  
by the end of the school year.**

Imagine what you could do to help your  
community/school with a \$1,000.00 grant.

**What is your idea to improve  
your community/school?**

**How will you make your idea happen?**

**Why is this needed?**

**Who will it benefit?**

**How might this inspire others?**

**Where will it be used?**

LCCF YAC granted \$4,500.00 per year  
for three years to help fund the  
Lapeer County LEAF Endowment Fund.

We did this as part of our  
philanthropy outreach for the County.  
Now, we are offering 3rd graders a way to  
be philanthropists and give back to your  
community by giving of your  
time, talent, treasure, and ties.
