**Dr. Beverly Walker-Griffea**

**T**ake some time to connect with friends from across Lapeer County who are committed to making a difference in the lives of local women. We encourage you to **bring a guest (or two!)** who are interested in learning more about the Women's Fund. This year's guest speaker is Dr. Beverly Walker-Griffea, President of Mott Community College. Dr. Beverly, as she prefers to be called, is a long-time advocate for collegiate student success. She believes community colleges must support their local communities by preparing a skilled and successful workforce. Dr. Beverly will discuss the impact Mott Community College, and the Women's Fund Educational Grants, have had on Lapeer County. Do not miss this amazing opportunity to engage with such a dynamic speaker! **Register today!** **Please fill out and return the form on the back of this newsletter.**
